

Thuwan Sajin Rajap

Full-Stack Developer

 Thuwan Sajin  thuwansajin  thuwanrajap076@gmail.com  0789479949

 Maharagama, Colombo, Sri Lanka  Sri Lankan

Summary

Passionate and detail-oriented Full-Stack Developer with experience in developing modern web and mobile applications using React, Next.js, Node.js, PHP, Java, Python, and Go. Skilled in building scalable systems including student management platforms, GPA calculator applications, eLearning systems, streaming platforms, and research-based software solutions. Experienced in frontend and backend development, database management, REST API integration, and mobile app development using React Native and Expo. Strong understanding of the Software Development Life Cycle (SDLC), Agile methodologies, and modern UI/UX practices. Enthusiastic about full-stack development, cloud technologies, and creating innovative digital solutions.

Experience

Software Engineer Intern, Ceylon Academy of Information Technology 2024
6 Months duration Colombo, Sri Lanka

- Participated in the full SDLC including requirement gathering, development, testing, deployment, and end-user support.
- Developed enterprise systems and APIs using PHP/Laravel, Flask, and Django.
- Built responsive frontend interfaces using JavaScript and React.js.
- Worked with SQL Server, MySQL, and MongoDB; used GitHub for version control and Agile practices.
- Contributed to e-commerce platforms, student dashboards, and desktop applications; conducted client demos and user training.

Education

BSc (Hons) in Computer Science, SAEGIS Campus 2022 – Present
Undergraduate Colombo, Sri Lanka

Skills

Languages and Frameworks

JavaScript (ES6+), PHP, Java, Python, Go, React, Next.js, React Native, Tailwind CSS

Development and Databases

Node.js, Express.js, Laravel, Flask, Django, MongoDB, MySQL, Firebase, Supabase, SQLite

Tools and Methodologies

Git & GitHub, Postman, Expo, VS Code, Agile / Scrum, REST API Design, SDLC

Projects

Student Management System, *React · Node.js · MongoDB*

- Built a full-stack student management application with course enrollment and GPA calculation features.
- Integrated MongoDB for secure data storage and management.

GPA Calculator Mobile App, *React Native · Expo (Research Project)*

- Developed a mobile GPA/CGPA calculator with dark mode, chart visualisations, export functionality, and GPA classification.
- Implemented persistent local storage for user data management.

eLearning Platform, *PHP · MySQL*

Built an online learning platform with video uploading, quizzes, certificate generation, and student progress tracking.

Movie & Music Streaming Platforms, *Next.js · Supabase · React Native · Expo*

- Developed a movie streaming website with modern responsive UI and a companion mobile application.
- Built a mobile music streaming app with audio playback and modern UI/UX.

MCQ Learning App, *React Native · Expo*

Created an educational MCQ-based learning app with an interactive, user-friendly mobile interface.

Medalist Recommendation System, *Research Project*

Designed a recommendation system for achievement-based event evaluation using data analysis and automated techniques.
